

NOT PROTECTIVELY MARKED

INCIDENT REPORT

Wednesday 18th November 2009.

We have had several reports of cable theft. Cable thieves are often cutting live overhead cables to steal them for the scrap metal value. Obviously this is an incredibly dangerous crime and I believe that at on more than one occasion, live overhead cables have been left dangling or trailing on the road where they could easily electrocute passers by.

If you see any cables down anywhere, or any suspicious activity around overhead cables, please dial 999 at once.

If you have any information which you think might be of help, please call Essex Police on 0300 333 4444.

Many thanks,

Lindsay Baillie
Essex Watch Administrator, Uttlesford.
